

Spring/Summer Menu Ideas

These are some menus, organized by theme, to serve as ideas in selecting menus for private events. In the class we will prepare four courses:

- (1) a starter/soup/salad
- (2) vegetable/side dish
- (3) main
- (4) dessert

and please make *one* selection from each category. In many cases, adaptations may be made to accommodate vegetarian and other dietary concerns and please share these requests when discussing the event's details and arrangements.

Menus have been developed with consideration to the balance of the entire meal and the timing of creating it, yet in many instances courses may be selected from across menu themes.

This is not a complete list so please also consult the archive of schedules for additional offerings and feel free to contact Emily, Emily@firstclasscooking.com or 415--573--2453 with further questions and requests.
